Berron, Jan. 8.

A MARMOTH PROJECT.

For several days the newspapers here have been bubbling over with guarded paragraphs, very mysterlously announcing some swent likely to come off in the near faevent likely to come off in the near fac-ture, of suppressedents character and snagul-tude, and of a nature to attentia the world, if not the nuiverse. Puople who are at all carlons have been made very nervous by these hints, and questions are beard on every alge as to what the strange something is to be. The secret has been well kept so far, and only the few hundred hillated know what all the pother is about. But I yeature to think, from what I know of the uneary disposition of journalists entrasted with a succes, that

The secret has been well kept so far; and only the distort of the whole of milliated know what all the pother is about. But I yeature to think and to a valuable reporter to the whole of country of the development of the Phrist operation of the think and the available reporter to the whole of journalists entrusted with a secret, that one of journalists entrusted with a secret, that one of journalists entrusted with a secret, that the fall is men in the land; but the potential of journalists entrusted with a secret, that the fall is men in the land; but the paper of the development of the Phrist operation of the paper of the country of the development of the Phrist operation of the paper of the paper of the potential of journalists entrusted with a secret, that the land, the men many their sisters, as Abrahran did? Shall the men in anything paper to the paper of the

and implety overwhelm the whole of a race."

These are the words of "the beloved disciple" to Kreeshna, "God binnett, in his last descent to earth in a mortal form."

Will not those who are so road, of time-will not those who are so road, of the same will not see the second of the same will not see the second of the same will not seen to see the same will not see the same will not seen to see the seen to see the same will not seen to see the seen to see th (210400, Dec. 31, 1863. To the Raise of the Washington Ohronicle:

In an article in the Evening Hagnes, of the fill hist, devoted to misrepresentation of states. It is not except to make the blood of the white man boil to read the socounts which come up from that State (Arkansae)?! I would anwer it is indeed, but for different reasons than those assigned by the sheet from which the extract is taken. It is enough to make a man's blood boil to read the typing accounts in rebel Benorestic papers; but when these articles are copied and recopied by the Republican press, one is at a loss for languaged to capture in the following the control of the white the state of the Associated Press, who are either rabels or directly in their interest. It may be asked why these reports are not each tradicted.

The reason is that the reply would not be sent by the Associated Press, who are directly in their interest. The paper is to filled high way to the Mister of the Associated Press, who are directly in the tradiction of the control of the confidence of the control of the confidence of the paper is to filled high way were east. The committee of the filled paper is to filled high way were control of the deviated the State, plundering and mardering as they go. The people of the constraints of the Associated, from each report of the control washed with the Mister bundering and mardering as they go. The people of the control washed with the Mister bundering and paper, that the white robbid of Arkansae are Additional Aid. espondence of The Chicago Trib rectal Correspondence of The Chicago Tribuos.

Wassizoros, Dec. 19, 1909.

The persistent efforts of a Kariase local railway company to obtain an additional subsidy from our National Treasury has ethniciated a thorough examination of the whole subject, which brings to the light of day some starting facts.

THE BOXDER RUSSIAN LEGISLATURE OF 1855.

Karass, during

came about:
In August, 1961, when the attention of the people and government was fully occupied.

APPAIRS IN ARKAMBAS.

Mr. Bright, Mr. Lowe, Earl Rus

In the midst of the Reform bill discussions

tion. Mr. Gladatone received such unequivicoal evidence of his strength in the constituencial that he abandoned his resolve and
decided to wait as the nothinal leader, at
all events of the party. You know what oceurred. All Liberais, care one or two who
have eaten any amount of humble pie, who
do openly opposed him, are rejected, and every
member standa more or less pledged to support he right honorable gentleman so long
as he 'stathle'le the cause with which he
is identified. Mr. Gladatone has been genusons, At a whaper from him, thirty or forty
to either Liberais who half secretly opposed
him, would have been diamused. He had,
but to raise his flager. But in not a single
case has he utiered a word or mades aspecthey trembled for their asfely, but their
flears were groundlies.
And yes, with all these serviced ranks of
followers on the for precision region. He
has taken hold of the Inah Church question,
and believes as passionately in the
justice of him object as he does in
the efficience of the Deliv, his will breok no
disciplis. The gentieunen who have crowded
the Liberal benches this week are esthusiantie for him now, but very five of them are esevered, as ardeni, as recoived as he, and it
